The President's Corner – July 2, 2020

Hello, fellow members:

Hope you are all well and safe. The 4th of July is upon us and I hope that everyone enjoys the great weekend coming up. Thanks to some rain and our dedicated members, the field is looking great.

Just a few noteworthy mentions: Unfortunately, in our investigations for a new runway for electric airplanes with ducted fans, we found that the cost of materials far exceeded our expectations. Therefore, we have decided to experiment with cutting the grass shorter to accommodate the smaller electric planes. Hope this does the trick for now.

Thanks to Dave Kohler, Ed DeRossi and Brian Capron we now have a new gate at the entrance to the field. As per discussion by the members at the last meeting, due to Covid-19 we have placed a new sign on the gate to limit entrance to members and their families only. Thank you to Ken Hall and Ed Plumadore for replacing the *Spectators Welcome* sign with the new sign. We hope to be able to welcome the public again soon.

Don't forget the next sanctioned event, the Electric Fun Fly on July 12th. There will be no concession stand, the \$10 landing fee has been waived and it will be for AMA RC Pilots and their families only.

I am happy to hear as of this publication that there are campers already gathering at the field for the 4th of July camp out. Hope everyone has a fun and safe time. See you out there!

Bill Dexter
